PROFESSIONAL SUMMARY

Full Stack Developer with 1.5+ years of hands-on experience building responsive web applications using the PERN stack. Known for translating complex business requirements into clean, scalable code - earned "Rising Star Award" for delivering a complete project in record time through smart problem-solving and quick adaptation. Skilled at bridging front-end design with back-end functionality to create seamless user experiences. Passionate about writing efficient code and continuously learning new technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap, jQuery
Backend: Node.js, Express.js
Database: PostgreSQL, MySQL
Version Control: Git, GitHub
Deployment & Testing: Vercel, Postman, Unit Testing
Design Tools: Figma (UI/UX)

PROFESSIONAL EXPERIENCE

Full Stack Developer
Grow Digitally Consulting | Chennai, Tamil Nadu | Nov 2024 - Present

- Built and deployed 5+ client web applications using React.js and Node.js, improving client engagement by creating fast-loading, mobile-responsive interfaces
- Designed and implemented RESTful APIs with Express.js and PostgreSQL, reducing data retrieval time by 40% through optimized database queries
- Collaborated directly with clients to gather requirements and deliver custom solutions—turned around one complete project in under 3 weeks, earning recognition as "Rising Star"
- Integrated third-party APIs and payment gateways for e-commerce clients, boosting their online transaction capabilities
- Maintained version control using Git and GitHub, ensuring smooth team collaboration and code reviews across 3-person development team

Web Developer
Alphahues | Chennai, Tamil Nadu | May 2024 - Sep 2024

- Developed marketing campaign landing pages using React.js and Tailwind CSS, achieving 25% higher conversion rates compared to previous static pages
- Worked closely with design team to transform Figma mockups into pixel-perfect, responsive websites
- Implemented form validations and dynamic content using JavaScript and jQuery, enhancing user experience and reducing form abandonment by 15%
- Troubleshot and resolved cross-browser compatibility issues, ensuring consistent performance across Chrome, Firefox, and Safari

PROJECTS

Task Management Dashboard
React.js, Node.js, Express.js, PostgreSQL | Live Demo | GitHub

- Created a full-stack task management application where teams can create, assign, and track project tasks in real-time
- Implemented user authentication with JWT tokens and role-based access control for admin and team member roles
- Built RESTful API with CRUD operations, handling 100+ concurrent users during internal testing
- Designed responsive UI with Tailwind CSS, making it accessible on desktop, tablet, and mobile devices

E-Commerce Product Catalog
React.js, Node.js, PostgreSQL, Stripe API | Live Demo | GitHub

- Developed product browsing system with search, filter, and sorting functionality for 500+ products
- Integrated Stripe payment gateway for secure checkout process
- Implemented shopping cart with local storage persistence, improving user experience across sessions
- Optimized image loading and implemented lazy loading, reducing initial page load time by 35%

EDUCATION

Bachelor of Science in Computer Science
The American College | Madurai, Tamil Nadu | Jun 2021 - May 2024

HONORS & AWARDS

Rising Star Award - Grow Digitally Consulting | Dec 2024
Recognized for exceptional learning speed and logical problem-solving—delivered complex client project ahead of tight deadline

3rd Place - "Bytes 2k23" Web Design Competition | Jun 2023
Designed and built college alumni invitation website, competing against 15+ teams from various institutions
