PROFESSIONAL SUMMARY

Full Stack Developer with 2 years of hands-on experience building responsive web applications using the PERN stack. Known for translating complex business requirements into clean, scalable code - earned "Rising Star Award" for delivering a complete project in record time through smart problem-solving and quick adaptation. Skilled at bridging front-end design with back-end functionality to create seamless user experiences. Passionate about writing efficient code and continuously learning new technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Node.js, Express.js

Database: PostgreSQL

Version Control: Git, GitHub

Deployment & Testing: Vercel, Neon, Render Postman

Design Tools & Others: Figma (UI/UX), Claude, Codex

PROFESSIONAL EXPERIENCE

Full Stack Developer

Grow Digitally Consulting | Chennai, Tamil Nadu | Nov 2024 - Present

- Built and deployed 5+ client web applications using React.js and Node.js, improving client engagement by creating fast-loading, mobile-responsive interfaces
- Designed and implemented RESTful APIs with Express.js and PostgreSQL, reducing data retrieval time by 40% through optimized database queries
- Collaborated directly with clients to gather requirements and deliver custom solutions—turned around one complete project in under 3 weeks, earning recognition as "Rising Star"
- Integrated third-party APIs and payment gateways for e-commerce clients, boosting their online transaction capabilities
- Maintained version control using Git and GitHub, ensuring smooth team collaboration and code reviews.

Web Developer

Alphahues | Chennai, Tamil Nadu | May 2024 - Sep 2024

- Developed marketing campaign landing pages using React.js and Tailwind CSS, achieving 25% higher conversion rates compared to previous static pages
- Worked closely with design team to transform Figma mockups into pixel-perfect, responsive websites
- Implemented form validations and dynamic content using JavaScript and jQuery, enhancing user experience and reducing form abandonment by 15%
- Troubleshoot and resolved cross-browser compatibility issues, ensuring consistent performance across Chrome, Firefox, and Safari

PROJECTS

Habit Flow - Personal Habit Tracker

React.js, Node.js, Express.js, PostgreSQL | [Live Demo](#) | [GitHub](#)

- Developed a full-stack Habit Tracker application that helps users create, manage, and monitor daily habits with real-time progress tracking and streak management.
 - Implemented secure user authentication using JWT tokens and role-based access control for personalized user experiences and protected routes.
 - Built RESTful APIs with complete CRUD functionality for habits, progress logs, and user management, ensuring smooth performance during concurrent usage testing.
 - Designed responsive UI making it accessible on desktop, tablet, and mobile devices
-

EDUCATION

Bachelor of Science in Computer Science

The American College | Madurai, Tamil Nadu | Jun 2021 - May 2024

HONORS & AWARDS

Rising Star Award - Grow Digitally Consulting | Dec 2024

Recognized for exceptional learning speed and logical problem-solving - delivered complex client project ahead of tight deadline

3rd Place - "Bytes 2k23" Web Design Competition | Jun 2023
